Transport and storage.....	15
Warehousing and support activities for transportation	16
Accommodation and food service activities.....	16
Information and Communication	17
Publishing Activities	17
Motion picture, video and television program production, sound recording and music publishing activities	18
Programming and broadcasting activities	19
Telecommunications	19
Computer programming, consultancy and related activities.....	20
Information service activities.....	21
Open Ended/ Close Ended investment activities.....	18
Real estate activities	22
Professional (Incl. restricted scope company), scientific and technical activities.....	23
Legal and accounting activities.....	23
Activities of head offices, restricted scope companies & management consultancy activities	24
Advertising and market research.....	27
Architectural and engineering activities and related technical consultancy	28
Scientific research and development	29
Other professional, scientific and technical activities	29
Administrative and support service activities.....	30
Rental and leasing activities	30
Employment Activities	32
Security and investigation activities.....	32
Services to buildings and landscape activities.....	33
Office administrative, office support and other business support activities	34
Public Administration and defence; compulsory social security	35
Education	36
Human Health Activities.....	39
Residential care activities.....	39
Social work activities without accommodation.....	40
Other Service Activities	41

Activities of membership organizations	41
Activities of households as employers; undifferentiated goods- and services-producing activities of households for own use.....	42
Activities of Households as employers of domestic personnel.....	42
Activities of extraterritorial organizations and bodies	43
Ministry of Defence Tawsun.....	43

Introduction

This document outlines the permitted business activities of ADGM, which fall under the Category B classification, Non-Financial.

Non-Financial activities, broadly covers the controlled activities of professional services as well as general service provision (excluding retail related services), foundations and corporate vehicles.

Please refer to the activities set out in this document to identify those activities that most closely match that you wish to carry out in or from ADGM. You may chose more than one activity, and you must select your proposed activities during the application process.

Should you not locate a specific activity within this list, in the first instance, please refer to the Category C list for retail related activities, and Category A the list of regulated financial activities for the FSRA. The list of regulated activities (Category A) can be located on the FSRA pages of ADGM.com. Additionally the Registration Authority Business Development team are available to assist you in the identification of relevant activities.

Note: the Registration Authority does not permit the combination of financial and non-financial services on the license of a single entity.

Table overview:

Example:

Activity Code	Title	Description
1820	Reproduction of recorded media	This includes: <ul style="list-style-type: none">reproduction from master copies of gramophone records, compact discs and tapes with music or other sound recordings.

Activity code: This is the unique identifying code which has been assigned to this business activity.

Title: The title will appear on the commercial license

Description: This provides a high level overview of the activity and sub activities that are permitted within this code.

Contact Us

For more information, please contact the Registrar by:

Telephone: +971 2 333 8888

Email: ra@adgm.com

Mining and Quarrying

Mining support service activities

Please contact the Registration Authority before applying for any activities within this section. Strict conditions apply.

Activity Code	Title	Description
0610	Extraction of Crude Petroleum	This class includes: <ul style="list-style-type: none"> • extraction of crude petroleum oils This class also includes: <ul style="list-style-type: none"> • extraction of bituminous or oil shale and tar sand • production of crude petroleum from bituminous shale and sand • processes to obtain crude oils: decantation, desalting, dehydration, stabilization etc.
0620	Extraction of Natural Gas	This class includes: <ul style="list-style-type: none"> • production of crude gaseous hydrocarbon (natural gas) • extraction of condensates • draining and separation of liquid hydrocarbon fractions • gas desulphurization This class also includes: <ul style="list-style-type: none"> • mining of hydrocarbon liquids, obtained through liquefaction or pyrolysis
0911	Onshore And Offshore Oil And Gas Fields And Facilities Services	Includes establishments that wish to deal with the petroleum sectors in the country to provide oil and gas services and installations in the onshore and offshore oil fields. Adding this activity is mandatory for all companies that deal with oil and gas companies operating in the Emirate of Abu Dhabi, either in the field of services, construction or supply chain. Further, adding this activity does not mean dispensing the main activities of the applicant company. Noting that this activity does not include supplying labor to petroleum companies.
0912	Natural Gas and Oil Well Repair and Maintenance	Activities related to the maintenance procedures performed on an oil or gas well after the well has been completed
0913	Natural Gas and Oil Well Equipment Installation and Maintenance	Activities related to the installation and maintenance procedures performed on an oil or gas well
0914	Drilling Towers Setting up, Dismantling and Repairing	Activities related to Drilling Towers Setting up, Dismantling and Repairing

Manufacturing

Manufacture of food products

Activity Code	Title	Description
1030	Processing and preserving of fruit and vegetables	This includes: <ul style="list-style-type: none"> • manufacture of food consisting chiefly of fruit or vegetables, except ready-made dishes in frozen or canned form • preserving of fruit, nuts or vegetables: freezing, drying, immersing in oil or in vinegar, canning etc. • manufacture of fruit or vegetable food products

		<ul style="list-style-type: none"> • manufacture of fruit or vegetable juices • manufacture of jams, marmalades and table jellies • processing and preserving of potatoes:
--	--	---

Printing and reproduction of recorded media

Activity Code	Title	Description
1820	Reproduction of recorded media	<p>This includes:</p> <ul style="list-style-type: none"> • reproduction from master copies of gramophone records, compact discs and tapes with music or other sound recordings • reproduction from master copies of records, compact discs and tapes with motion pictures and other video recordings • reproduction from master copies of software and data on discs and tapes

Manufacture of pharmaceuticals, medicinal chemical and botanical products

Activity Code	Title	Description
2100	Manufacture of pharmaceuticals, medicinal chemical and botanical products	<p>This includes:</p> <ul style="list-style-type: none"> • The manufacture of medicinal active substances to be used for their pharmacological properties in the manufacture of medicaments: antibiotics, basic vitamins, salicylic and O-acetylsalicylic acids etc. • processing of blood • manufacture of medicaments: <ul style="list-style-type: none"> • antisera and other blood fractions • vaccines • diverse medicaments, including homeopathic preparations • manufacture of chemical contraceptive products for external use and hormonal contraceptive medicaments • manufacture of medical diagnostic preparations, including pregnancy tests • manufacture of radioactive in-vivo diagnostic substances • manufacture of biotech pharmaceuticals <p>This also includes:</p> <ul style="list-style-type: none"> • manufacture of chemically pure sugars • processing of glands and manufacture of extracts of glands etc. • manufacture of medical impregnated wadding, gauze, bandages, dressings etc. • preparation of botanical products (grinding, grading, milling) for pharmaceutical use

Manufacture of fabricated metal products, except machinery and equipment

Activity Code	Title	Description
2520	Manufacture of weapons and ammunition	<p>This includes:</p> <ul style="list-style-type: none"> • manufacture of heavy weapons (artillery, mobile guns, rocket launchers, torpedo tubes, heavy machine guns)

		<ul style="list-style-type: none"> • manufacture of small arms (revolvers, shotguns, light machine guns) • manufacture of air or gas guns and pistols • manufacture of war ammunition • manufacture of hunting, sporting or protective firearms and ammunition • manufacture of explosive devices such as bombs, mines and torpedoes
--	--	---

Manufacture of measuring, testing, navigating and control equipment; watches and clocks

Activity Code	Title	Description
2651	Manufacture of measuring, testing, navigating and control equipment	<p>This includes the manufacture of search, detection, navigation, guidance, aeronautical and nautical systems and instruments; automatic controls and regulators for applications, such as heating, air-conditioning, refrigeration and appliances; instruments and devices for measuring, displaying, indicating, recording, transmitting and controlling industrial process variables, such as temperature, humidity, pressure, vacuum, combustion, flow, level, viscosity, density, acidity, concentration and rotation; totalizing (i.e. registering) fluid meters and counting devices; instruments for measuring and testing the characteristics of electricity and electrical signals; instruments and instrumentation systems for laboratory analysis of the chemical or physical composition or concentration of samples of solid, fluid, gaseous or composite material and other measuring and testing instruments and parts thereof.</p> <p>The manufacture of non-electric measuring, testing, navigating and control equipment (except simple mechanical tools) is included here.</p>

Manufacture of air and spacecraft and related machinery

Activity Code	Title	Description
3030	Manufacture of air and spacecraft and related machinery	<p>This includes:</p> <ul style="list-style-type: none"> • manufacture of airplanes for the transport of goods or passengers, for use by the defence forces, for sport or other purposes • manufacture of helicopters • manufacture of gliders, hang-gliders • manufacture of dirigibles and hot air balloons • manufacture of parts and accessories of the aircraft of this class: <ul style="list-style-type: none"> • major assemblies such as fuselages, wings, doors, control surfaces, landing gear, fuel tanks, nacelles etc. • airscrews, helicopter rotors and propelled rotor blades • motors and engines of a kind typically found on aircraft • parts of turbojets and turboprops for aircraft • manufacture of ground flying trainers • manufacture of spacecraft and launch vehicles, satellites, planetary probes, orbital stations, shuttles

		<ul style="list-style-type: none"> • manufacture of intercontinental ballistic missiles (ICBM) <p>This class also includes:</p> <ul style="list-style-type: none"> • overhaul and conversion of aircraft or aircraft engines • manufacture of aircraft seats
--	--	---

Other Manufacturing

Activity Code	Title	Description
3250	Manufacture of medical and dental instruments and supplies	The manufacture of laboratory apparatus, surgical and medical instruments, surgical appliances and supplies, dental equipment and supplies, orthodontic goods, dentures and orthodontic appliances. Included is the manufacture of medical, dental and similar furniture, where the additional specific functions determine the purpose of the product, such as dentist's chairs with built-in hydraulic functions.
3290	Other manufacturing n.e.c.	<p>The manufacture of protective safety equipment:</p> <ul style="list-style-type: none"> • manufacture of fire-resistant and protective safety clothing • manufacture of linemen's safety belts and other belts for occupational use • manufacture of cork life preservers • manufacture of plastics hard hats and other personal safety equipment of plastics • (e.g. athletic helmets) • manufacture of fire-fighting protection suits • manufacture of metal safety headgear and other metal personal safety devices • manufacture of ear and noise plugs (e.g. for swimming and noise protection) • manufacture of gas masks <ul style="list-style-type: none"> • manufacture of brooms and brushes, including brushes constituting parts of machines, hand-operated mechanical floor sweepers, mops and feather dusters, paint brushes, paint pads and rollers, squeegees and other brushes, brooms, mops etc. • manufacture of date, sealing or numbering stamps, hand-operated devices for printing, or embossing labels, hand printing sets, prepared typewriter ribbons and inked pads • manufacture of globes • manufacture of umbrellas, sun-umbrellas, walking sticks, seat-sticks • manufacture of buttons, press-fasteners, snap-fasteners, press-studs, slide fasteners • manufacture of cigarette lighters • manufacture of articles of personal use: smoking pipes, scent sprays, vacuum flasks and other vacuum vessels for personal or household use, wigs, false beards, eyebrows • manufacture of miscellaneous articles: candles, tapers and the like; bouquets, wreaths and floral baskets; artificial flowers, fruit and foliage; jokes and novelties; hand sieves

Repair and installation of machinery and equipment

Activity Code	Title	Description
3311	Repair of fabricated metal products	<p>This includes:</p> <ul style="list-style-type: none"> • repair of metal tanks, reservoirs and containers • repair and maintenance for pipes and pipelines • mobile welding repair • repair of steel shipping drums

		<ul style="list-style-type: none"> • repair and maintenance of steam or other vapour generators • repair and maintenance of auxiliary plant for use with steam generators: <ul style="list-style-type: none"> • condensers, economizers, superheaters, steam collectors and accumulators • repair and maintenance of nuclear reactors, except isotope separators • repair and maintenance of parts for marine or power boilers • platework repair of central heating boilers and radiators • repair and maintenance of fire arms and ordnance (including repair of sporting and recreational guns)
3312	Repair of machinery	This class the repair and maintenance of industrial machinery and equipment like sharpening or installing commercial and industrial machinery blades and saws; the provision of welding (e.g. automotive, general) repair services; the repair of agricultural and other heavy and industrial machinery and equipment (e.g. forklifts and other materials handling equipment, machine tools, commercial refrigeration equipment, construction equipment and mining machinery)
3313	Repair of electronic and optical equipment	<p>The repair and maintenance of the measuring, testing, navigating and control equipment, such as:</p> <ul style="list-style-type: none"> • automotive emissions testing equipment • meteorological instruments • physical, electrical and chemical properties testing and inspection equipment • surveying instruments • radiation detection and monitoring instruments <p>Repair and maintenance of irradiation, electromedical and electrotherapeutic equipment such as:</p> <ul style="list-style-type: none"> • magnetic resonance imaging equipment • medical ultrasound equipment • pacemakers • hearing aids • electrocardiographs • electromedical endoscopic equipment • irradiation apparatus
3314	Repair of electrical equipment	<p>This includes:</p> <ul style="list-style-type: none"> • repair and maintenance of power, distribution, and specialty transformers • repair and maintenance of electric motors, generators, and motor generator sets • repair and maintenance of switchgear and switchboard apparatus • repair and maintenance of relays and industrial controls • repair and maintenance of primary and storage batteries • repair and maintenance of electric lighting equipment • repair and maintenance of current-carrying wiring devices and non current-carrying • wiring devices for wiring electrical circuits
3315	Repair of transport equipment, except motor vehicles	<p>This includes:</p> <ul style="list-style-type: none"> • repair and routine maintenance of ships • repair and maintenance of pleasure boats • repair and maintenance of locomotives and railroad cars (except factory rebuilding or factory conversion) • repair and maintenance of aircraft (except factory conversion, factory overhaul, factory rebuilding) • repair and maintenance of aircraft engines • repair of animal drawn buggies and wagons
3319	Repair of other equipment	<p>This class includes the repair and maintenance of equipment not covered in other groups of this division.</p> <p>This includes:</p> <ul style="list-style-type: none"> • repair of fishing nets, including mending • repair or ropes, riggings, canvas and tarps • repair of fertilizer and chemical storage bags • repair or reconditioning of wooden pallets, shipping drums or barrels, and similar items • repair of pinball machines and other coin-operated games • restoring of organs and other historical musical instruments
3320	Installation of industrial machinery and equipment	The specialized installation of machinery. However, the installation of

		<p>equipment that forms an integral part of buildings or similar structures, such as installation of escalators, electrical wiring, burglar alarm systems or air-conditioning systems, is classified as construction.</p> <p>This includes:</p> <ul style="list-style-type: none"> • installation of other industrial equipment, e.g.: <ul style="list-style-type: none"> • communications equipment • mainframe and similar computers • irradiation and electromedical equipment etc. • dismantling large-scale machinery and equipment • machine rigging • installation of bowling alley equipment
--	--	--

Electricity, gas, steam and air conditioning supply

Electricity, gas, steam and air conditioning supply

Activity Code	Title	Description
3510	Electric power generation, transmission and distribution	<p>The generation of bulk electric power, transmission from generating facilities to distribution centers and distribution to end users.</p> <ul style="list-style-type: none"> • operation of generation facilities that produce electric energy, including thermal, • nuclear, hydroelectric, gas turbine, diesel and renewable • operation of transmission systems that convey the electricity from the generation facility to the distribution system • operation of distribution systems (i.e. consisting of lines, poles, meters, and wiring) that convey electric power received from the generation facility or the transmission system to the final consumer • sale of electricity to the user • activities of electric power brokers or agents that arrange the sale of electricity via • power distribution systems operated by others • operation of electricity and transmission capacity exchanges for electric power
3520	Manufacture of gas; distribution of gaseous fuels through mains	<p>The manufacture of gas and the distribution of natural or synthetic gas to the consumer through a system of mains. Gas marketers or brokers, which arrange the sale of natural gas over distribution systems operated by others, are included. The separate operation of gas pipelines, typically done over long distances, connecting producers with distributors of gas, or between urban centers, is excluded from this class and classified with other pipeline transport activities.</p>
3530	Steam and air conditioning supply	<p>This includes:</p> <ul style="list-style-type: none"> • Production, collection and distribution of steam and hot water for heating, power and other purposes • production and distribution of cooled air • production and distribution of chilled water for cooling purposes • production of ice, including ice for food and non-food (e.g. cooling) purposes

Water supply; sewerage, waste management and remediation activities

Water supply; sewerage, waste management and remediation activities

Activity Code	Title	Description
3600	Water collection, treatment and supply	<p>Water collection, treatment and distribution activities for domestic and industrial needs. Collection of water from various sources, as well as distribution by various means is included.</p> <p>The operation of irrigation canals is also included; however the provision of irrigation services through sprinklers, and similar agricultural support services, is not included.</p> <ul style="list-style-type: none"> • collection of water from rivers, lakes, wells etc. • collection of rain water

		<ul style="list-style-type: none"> • purification of water for water supply purposes • treatment of water for industrial and other purposes • desalting of sea or ground water to produce water as the principal product of interest • distribution of water through mains, by trucks or other means • operation of irrigation canals
3601	Water desalination plants and maintenance	This activity includes the operation and maintenance of water desalination plants.
3700	Sewerage	<p>This includes:</p> <ul style="list-style-type: none"> • Operation of sewer systems or sewer treatment facilities • collecting and transporting of human or industrial wastewater from one or several users, as well as rain water by means of sewerage networks, collectors, tanks and other means of transport (sewage vehicles etc.) • emptying and cleaning of cesspools and septic tanks, sinks and pits from sewage; servicing of chemical toilets • treatment of wastewater (including human and industrial wastewater, water from swimming pools etc. by means of physical, chemical and biological processes like dilution, screening, filtering, sedimentation etc. • maintenance and cleaning of sewers and drains, including sewer rodding
3811	Collection of non-hazardous waste	<p>The collection of non-hazardous solid waste (i.e. garbage) within a local area, such as collection of waste from households and businesses by means of refuse bins, wheeled bins, containers etc may include mixed recoverable materials</p> <ul style="list-style-type: none"> • collection of recyclable materials • collection of used cooking oils and fats • collection of refuse in litter-bins in public places <p>This also includes:</p> <ul style="list-style-type: none"> • collection of construction and demolition waste • collection and removal of debris such as brush and rubble • collection of waste output of textile mills • operation of waste transfer stations for non-hazardous waste
3812	Collection of hazardous waste	<p>The collection of solid and non-solid hazardous waste, i.e. explosive, oxidizing, flammable, toxic, irritant, carcinogenic, corrosive, infectious and other substances and preparations harmful for human health and environment. It may also entail identification, treatment, packaging and labelling of waste for the purposes of transport.</p> <ul style="list-style-type: none"> • Collection of hazardous waste, such as: <ul style="list-style-type: none"> • used oil from shipment or garages • bio-hazardous waste • used batteries

Construction

Construction of buildings

Activity Code	Title	Description
4100	Construction of buildings	<p>The construction of complete residential or non-residential buildings, on own account for sale or on a fee or contract basis. Outsourcing parts or even the whole construction process is possible. If only specialized parts of the construction process are carried out, the activity is classified in specialized construction activities.</p> <ul style="list-style-type: none"> • construction of all types of residential buildings: <ul style="list-style-type: none"> • single-family houses • multi-family buildings, including high-rise buildings • construction of all types of non-residential buildings: <ul style="list-style-type: none"> • buildings for industrial production, e.g. factories, workshops, assembly plants etc. • hospitals, schools, office buildings • hotels, stores, shopping malls, restaurants

		<ul style="list-style-type: none"> • airport buildings • indoor sports facilities • parking garages, including underground parking garages • warehouses • religious buildings • assembly and erection of prefabricated constructions on the site • remodeling or renovating existing residential structures
--	--	--

Civil Engineering

Activity Code	Title	Description
4210	Construction of roads and railways	<p>This includes:</p> <ul style="list-style-type: none"> • construction of motorways, streets, roads, other vehicular and pedestrian ways • surface work on streets, roads, highways, bridges or tunnels: <ul style="list-style-type: none"> • asphalt paving of roads • road painting and other marking • installation of crash barriers, traffic signs and the like • construction of bridges, including those for elevated highways • construction of tunnels • construction of railways and subways • construction of airfield runways
4220	Construction of utility projects	<p>The construction of distribution lines and related buildings and structures that are integral part of these systems.</p> <ul style="list-style-type: none"> • construction of civil engineering constructions for: <ul style="list-style-type: none"> • long-distance pipelines, communication and power lines • urban pipelines, urban communication and power lines; ancillary urban works • water main and line construction • irrigation systems (canals) • reservoirs • construction of: <ul style="list-style-type: none"> • sewer systems, including repair • sewage disposal plants • pumping stations • power plants • water well drilling
4290	Construction of other civil engineering projects	<p>This includes:</p> <ul style="list-style-type: none"> • construction of industrial facilities, except buildings, such as: <ul style="list-style-type: none"> • refineries • chemical plants • construction of: <ul style="list-style-type: none"> • waterways, harbour and river works, pleasure ports (marinas), locks, etc. • dams and dykes • dredging of waterways • construction work, other than buildings, such as: <ul style="list-style-type: none"> • outdoor sports facilities • land subdivision with land improvement (e.g. adding of roads, utility infrastructure etc.)

Specialised Construction Activities

Activity Code	Title	Description
4311	Demolition	The demolition or wrecking of buildings and other structures
4312	Site preparation	<p>The preparation of sites for subsequent construction activities.</p> <ul style="list-style-type: none"> clearing of building sites earth moving: excavation, landfill, levelling and grading of construction sites, trench digging, rock removal, blasting, etc. drilling, boring and core sampling for construction, geophysical, geological or similar purposes site preparation for mining: <ul style="list-style-type: none"> overburden removal and other development and preparation of mineral properties and sites, except oil and gas sites building site drainage drainage of agricultural or forestry land
4321	Electrical installation	<p>The installation of electrical systems in all kinds of buildings and civil engineering structures.</p> <p>This includes:</p> <ul style="list-style-type: none"> installation of: <ul style="list-style-type: none"> electrical wiring and fittings telecommunications wiring computer network and cable television wiring, including fibre optic satellite dishes lighting systems fire alarms burglar alarm systems street lighting and electrical signals airport runway lighting connecting of electric appliances and household equipment, including baseboard heating
4322	Plumbing, heat and air-conditioning installation	<p>The installation of plumbing, heating and air-conditioning systems, including additions, alterations, maintenance and repair.</p> <ul style="list-style-type: none"> installation in buildings or other construction projects of: <ul style="list-style-type: none"> heating systems (electric, gas and oil) furnaces, cooling towers non-electric solar energy collectors plumbing and sanitary equipment ventilation, refrigeration or air-conditioning equipment and ducts gas fittings steam piping fire sprinkler systems lawn sprinkler systems duct work installation
4329	Other construction installation	<p>The installation of equipment other than electrical, plumbing, heating and air-conditioning systems or industrial machinery in buildings and civil engineering structures, including maintenance and repair.</p> <ul style="list-style-type: none"> installation in buildings or other construction projects of: <ul style="list-style-type: none"> elevators, escalators automated and revolving doors lightning conductors vacuum cleaning systems thermal, sound or vibration insulation
4330	Building completion and finishing	<p>This includes:</p> <ul style="list-style-type: none"> application in buildings or other construction projects of interior and exterior plaster or stucco, including related lathing materials installation of doors (except automated and revolving), windows, door and window frames, of wood or other materials installation of fitted kitchens, staircases, shop fittings and the like installation of furniture interior completion such as ceilings, wooden wall coverings, movable partitions, etc.

		<ul style="list-style-type: none"> • laying, tiling, hanging or fitting in buildings or other construction projects of: <ul style="list-style-type: none"> • ceramic, concrete or cut stone wall or floor tiles, ceramic stove fitting • parquet and other wooden floor coverings • carpets and linoleum floor coverings, including of rubber or plastic • terrazzo, marble, granite or slate floor or wall coverings • wallpaper • interior and exterior painting of buildings • painting of civil engineering structures • installation of glass, mirrors, etc. • cleaning of new buildings after construction • other building completion work n.e.c. • interior installation of shops, mobile homes, boats etc.
4390	Other specialized construction activities	<p>This includes:</p> <ul style="list-style-type: none"> • construction activities specializing in one aspect common to different kind of structures, requiring specialized skill or equipment: <ul style="list-style-type: none"> • construction of foundations, including pile driving • damp proofing and water proofing works • de-humidification of buildings • shaft sinking • erection of non-self-manufactured steel elements • steel bending • bricklaying and stone setting • roof covering for residential buildings • scaffolds and work platform erecting and dismantling, excluding renting of scaffolds and work platforms • erection of chimneys and industrial ovens • work with specialist access requirements necessitating climbing skills and the use of related equipment, e.g. working at height on tall structures • subsurface work • construction of outdoor swimming pools • steam cleaning, sand blasting and similar activities for building exteriors • renting of cranes with operator

Wholesale and retail trade; repair of motor vehicles and motorcycles

Wholesale trade, except of motor vehicles and motorcycles

Activity Code	Title	Description
4661	Wholesale of solid, liquid and gaseous fuels and related products.	<p>This includes:</p> <ul style="list-style-type: none"> • wholesale of fuels, greases, lubricants, oils such as: <ul style="list-style-type: none"> • charcoal, coal, coke, fuel wood, naphtha • crude petroleum, crude oil, diesel fuel, gasoline, fuel oil, heating oil, kerosene • liquefied petroleum gases, butane and propane gas • lubricating oils and greases, refined petroleum products
4658	Wholesale of Oil and Natural Gas Well Equipment and	Activity of the wholesale of Oil and Natural Gas Well Equipment and Devices and Spare Parts Trading

	Devices and Spare Parts Trading	
--	---------------------------------	--

Transport and storage

Land transport and transport via pipelines

Activity Code	Title	Description
4921	Urban and suburban passenger land transport	Land transport of passengers by urban or suburban transport systems. This may include different modes of land transport, such as by motorbus, tramway, streetcar, trolley bus, underground and elevated railways etc. The transport is carried out on scheduled routes normally following a fixed time schedule, entailing the picking up and setting down of passengers at normally fixed stops.
4922	Other passenger land transport	Other passenger road transport: <ul style="list-style-type: none"> • scheduled long-distance bus services • charters, excursions and other occasional coach services • taxi operation • airport shuttles This also includes: <ul style="list-style-type: none"> • other renting of private cars with driver • operation of school buses and buses for transport of employees • passenger transport by man- or animal-drawn vehicles
4930	Transport via pipeline	Transport of gases, liquids, water, slurry and other commodities via pipelines This also includes: <ul style="list-style-type: none"> • Operation of pump stations

Water transport

Activity Code	Title	Description
5011	Sea and coastal passenger water transport	Transport of passengers over seas and coastal waters, whether scheduled or not: <ul style="list-style-type: none"> • operation of excursion, cruise or sightseeing boats • operation of ferries, water taxis etc. • renting of pleasure boats with crew for sea and coastal water transport (e.g. for fishing cruises)
5012	Sea and coastal freight water transport	This includes: <ul style="list-style-type: none"> • Transport of freight over seas and coastal waters, whether scheduled or not • transport by towing or pushing of barges, oil rigs etc.
5021	Inland passenger water transport	Transport of passenger via rivers, canals, lakes and other inland waterways, including inside harbours and ports
5022	Inland freight water transport	Transport of freight via rivers, canals, lakes and other inland waterways, including inside harbours and ports

Air transport

Activity Code	Title	Description
5110	Passenger air transport	This includes: <ul style="list-style-type: none"> • transport of passengers by air over regular routes and on regular schedules • charter flights for passengers • scenic and sightseeing flights • renting of air-transport equipment with operator for the purpose of passenger transportation • general aviation activities, such as:

		<ul style="list-style-type: none"> • transport of passengers by aero clubs for instruction or pleasure
--	--	---

Warehousing and support activities for transportation

Activity Code	Title	Description
5221	Service activities incidental to land transportation	Activities related to land transport of passengers, animals or freight: <ul style="list-style-type: none"> • operation of terminal facilities such as railway stations, bus stations, stations for the handling of goods • operation of railroad infrastructure • operation of roads, bridges, tunnels, car parks or garages, bicycle parkings • switching and shunting • towing and road side assistance
5222	Service activities incidental to water transportation	Activities related to water transport of passengers, animals or freight: <ul style="list-style-type: none"> • operation of terminal facilities such as harbours and piers • operation of waterway locks etc. • navigation, pilotage and berthing activities • lighterage, salvage activities • lighthouse activities
5223	Service activities incidental to air transportation	Activities related to air transport of passengers, animals or freight: <ul style="list-style-type: none"> • operation of terminal facilities such as airway terminals etc. • airport and air-traffic-control activities • ground service activities on airfields etc.
5224	Cargo handling	Loading and unloading of goods or passengers' luggage irrespective of the mode of transport used for transportation
5229	Other transportation support activities	This includes: <ul style="list-style-type: none"> • forwarding of freight • arranging or organizing of transport operations by rail, road, sea or air • organization of group and individual consignments (including pickup and delivery of goods and grouping of consignments) • logistics activities, i.e. planning, designing and supporting operations of transportation, warehousing and distribution • issue and procurement of transport documents and waybills • activities of customs agents • activities of sea-freight forwarders and air-cargo agents • brokerage for ship and aircraft space • goods-handling operations, e.g. temporary crating for the sole purpose of protecting the goods during transit, uncrating, sampling, weighing of goods

Accommodation and food service activities

Accommodation

Activity Code	Title	Description
5510	Short term accommodation activities	The provision of accommodation, typically on a daily or weekly basis, principally for short stay by visitors. This includes the provision of furnished accommodation in guest rooms and suites or complete self-contained units with kitchens, with or without daily or other regular housekeeping services, and may often include a range of additional services such as food and beverage services, parking, laundry services, swimming pools and exercise rooms, recreational facilities and conference and convention facilities. <p>This includes the provision of short-term accommodation provided by:</p> <ul style="list-style-type: none"> • hotels • resort hotels

		<ul style="list-style-type: none"> • suite / apartment hotels • motels • motor hotels • guesthouses • pensions • bed and breakfast units • visitor flats and bungalows • time-share units • holiday homes • chalets, housekeeping cottages and cabins • youth hostels and mountain refuges
5511	1 star hotel	Operation of a 1 star hotel, as classified by the relevant authority.
5512	2 star hotel	Operation of a 2 star hotel, as classified by the relevant authority.
5513	3 star hotel	Operation of a 3 star hotel, as classified by the relevant authority.
5514	4 star hotel	Operation of a 4 star hotel, as classified by the relevant authority.

Education

Education

Activity Code	Title	Description
8510	Pre-primary and primary education	<p>The provision of instruction designed primarily to introduce very young children to a school-type environment and instruction that gives students a sound basic education in reading, writing and mathematics along with an elementary understanding of other subjects such as history, geography, natural science, social science, art and music. Such education is generally provided for children, however the provision of literacy programmes within or outside the school system, which are similar in content to programmes in primary education but are intended for those considered too old to enter elementary schools, is also included. Also included is the provision of programmes at a similar level, suited to children with special needs education. Education can be provided in classrooms or through radio, television broadcast, Internet, correspondence or at home.</p> <p>This includes:</p> <ul style="list-style-type: none"> • pre-primary education • primary education
8521	General secondary education	<p>The provision of the type of education that lays the foundation for lifelong learning and human development and is capable of furthering education opportunities. Such units provide programmes that are usually on a more subject-oriented pattern using more specialized teachers, and more often employ several teachers conducting classes in their field of specialization. Education can be provided in classrooms or through radio, television broadcast, Internet, correspondence or at home.</p> <p>Subject specialization at this level often begins to have some influence even on the educational experience of those pursuing a general programme. Such programmes are designated to qualify students either for technical and vocational education or for entrance to higher education without any special subject prerequisite.</p> <p>This includes:</p> <ul style="list-style-type: none"> • general school education in the first stage of the secondary level corresponding more or less to the period of compulsory school attendance • general school education in the second stage of the secondary level giving, in principle, access to higher education

		<ul style="list-style-type: none"> • special education for handicapped students at this level
8522	Technical and vocational secondary education	<p>Education typically emphasizing subject-matter specialization and instruction in both theoretical background and practical skills generally associated with present or prospective employment. The aim of a programme can vary from preparation for a general field of employment to a very specific job. Instruction may be provided in diverse settings, such as the unit's or client's training facilities, educational institutions, the workplace, or the home, and through correspondence, television, Internet, or other means.</p> <p>This includes:</p> <ul style="list-style-type: none"> • technical and vocational education below the level of higher education <p>This also includes:</p> <ul style="list-style-type: none"> • instruction for tourist guides • instruction for chefs, hoteliers and restaurateurs • special education for handicapped students at this level • cosmetology and barber schools • computer repair training • driving schools for occupational drivers e.g. of trucks, buses, coaches
8530	Higher education	<p>The provision of post-secondary non-tertiary and tertiary education, including granting of degrees at baccalaureate, graduate or post-graduate level. The requirement for admission is at least a high school diploma or equivalent general academic training. Education can be provided in classrooms or through radio, television broadcast, Internet or correspondence.</p> <p>This includes:</p> <ul style="list-style-type: none"> • post-secondary non-tertiary education • first stage of tertiary education (not leading to an advanced research qualification) • second stage of tertiary education (leading to an advanced research qualification) • performing arts schools providing higher education
8531	Insurance business training	The provision of insurance business specific training and education.
8532	Law training services	The provision of specific training and education related to Law.

Activities of extraterritorial organisations and bodies

Activity Code	Title	Description
9900	Activities of extraterritorial organizations and bodies	<p>This includes:</p> <p>Activities of international organizations such as the United Nations and the specialized agencies of the United Nations system, regional bodies etc., the International Monetary Fund, the World Bank, the World Customs Organization, the Organisation for Economic Co-operation and Development, the Organization of Petroleum Exporting Countries, the European Communities, the European Free Trade Association etc.</p> <p>This also includes:</p> <ul style="list-style-type: none"> activities of diplomatic and consular missions when being determined by the country of their location rather than by the country they represent

Ministry of Defence Related Activities (Tawzun)

Activity Code	Title	Description
2520002	Light Military Weapons Manufacturing	Includes Facilities specialized in manufacture, production or assembly of light military weapons or any of their components, spare parts or technologies by various methods or means, and of various materials, and light weapons such as infantry support weapons (pistols, rifles, light machine guns) light firearms up to less than 20 mm caliber, and includes monitoring, surveillance, targeting, identification devices and other devices and equipment integrated in the weapon system.
2520007	Medium Military Weapons Manufacturing	Includes Facilities specialized in the manufacture, production or assembly of medium military weapons or any of their components, spare parts or technologies by various methods or means and various materials. Medium weapons are from 20 mm up to less than 60 mm caliber such as air defense cannons, aircraft machine guns, cannons of fighting mechanisms, and medium firearms, as well as monitoring, surveillance, targeting, identification devices and other devices and equipment integrated in the weapon system
2520001	Heavy Military Weapons Manufacturing	Includes Facilities specialized in the manufacture, production or assembly of heavy military weapons or any of their components, spare parts or technologies by various methods or means and of various materials. Heavy weapons are of 60 mm or more caliber, such as air defense cannons, aircraft machine guns and cannons of fighting mechanisms, as well as monitoring, surveillance, targeting and identification and other devices and equipment integrated in the weapon system.

2520004	Military Ammunition Manufacturing	Includes Facilities specialized in manufacturing of all types of conventional ammunition, including light weapons ammunition, rifle ammunition, shotgun ammunition (shotgun), machine artillery, medium and heavy artillery ammunition; most types of artillery ammunition are called shells or bombs.
2029003	Explosives & Pyrotechnic Products Manufacturing	Includes Facilities specialized in the manufacturing, producing or blending of all types of hazardous materials and pyrotechnics including percussion capsules, detonators valves, signal shells, propellant fillings and other products used in the military field.
3011105	Building of Military Ships	Includes Facilities specialized in manufacture, production, assembly or equipping military ships or any of their components, spare parts or technology by various methods and means and of various materials, military ships such as boats, destroyers, frigates, aircraft carriers, military and medical supply ships, land ships, manned and unmanned submarines, and other carriers of weapons for use in the military or security field. The activity includes the manufacture, production or assembly of fire control and self-protection devices and other devices used in military and security operations
3030004	Dirigibles & Hot Air Balloons Manufacturing	Activity is concerned with the manufacture of balloons, of which there are three types: 1. Flying airships: A manned balloon carrying one or more pilot(s) in a basket. 2. Unmanned balloons: which are usually used in scientific research and carry equipment for measuring or recording various weather phenomena. 3. Airships or Dirigibles: Airships are prepared for carrying passengers, cargo and air transport. Any gas lighter than air can be used to raise the balloon such as hydrogen, helium, methane, ammonia, natural gas, and manufactured gas (extracted from coal or petroleum products), in addition to hot air.
3040001	Military Combat Vehicle Manufacturing	Includes Facilities specialized in manufacture, production, assembly or equipping of military vehicles, or any of their components, spare parts, or technology by various methods and means and of various materials. Military vehicles include tracked or wheeled vehicles such as: multi-tasking machinery, troop transport machinery, combat mechanisms, command and control machinery, tanks, amphibians and others, including the manufacture, production or assembly of armament, defence, reconnaissance and surveillance systems, and other systems integrated by machinery.
3030011	Military Aircrafts Manufacturing	Includes Facility specialized in manufacture, production, assembly or equipping of all types of military aircraft with fixed and movable wings or helicopters, including unmanned aircraft (drones) and other military aircraft, or any of their components, spare parts or technology by various methods and means and of various materials.

3290027	Manufacture of military tools and supplies	Includes any industrial Facility specialized in the manufacture of military tools and supplies, which constitutes manufacture of riot control tools such as shields, ordinary and electric sticks, bulletproof vest and helmets, military boots, sleeping bags, military badges and other tools such as individual carriers equipped to carry water bottles and food, light-caliber ammunition and tools, medical equipment and food used in military fields. This activity does not include the manufacture of spare parts for military equipment or military clothing.
1410122	Military Garments Manufacturing	Includes Facilities specialized in the manufacture, production, assembly or preparation of all types of military clothing, including those for military training or for use in protocols or in battlefields, or any of their components or parts or their technology by various methods and means and with various materials.
1410910	Tailoring & Sewing Clothes	Includes shops specialized in tailoring and sewing military clothing for workers in the Ministry of Defense and the Armed Forces or any of their components or their technology by various methods and means and with various materials
2310012	Toughened or Laminated Flat Glass Manufacturing	Includes Facilities specialized in manufacture, production, assembly or processing of all types of tempered glass. Under this activity safety glass is produced in one of two ways: 1. Placing a thin layer of "plastic" laminate between two glass plates; or 2. Toughening of glass panels by heat shock treatment or any of their components, spare parts or technology by various methods and means and of various materials.
2029028	Propellant Powders Manufacturing	Includes Facilities specialized in the manufacture, production, assembly or processing of all types of chemicals constituting powders which when used give a driving force whether by chemical reaction or explosion which generates motive energy. These materials include, without limitation, the propelling fillings such as gunpowder used in the manufacture of the ammunition, or any of their materials, parts or technology, by various methods and means and of various materials
2599133	Metal Badges & Metal Military Insignia Manufacturing	Includes Facilities specialized in the manufacture, production, assembly or processing of all types of identification badges, decorations and military ranks, or any of their component, spare parts or technology by various methods and means and of various materials

2651019	Radar Equipment Manufacturing	Includes Facilities specialized in manufacture, production, assembly or equipping of all types of military radar equipment or their components, spare parts or technology by various methods and means and of various materials.
3030006	Missiles Manufacturing	Includes Facilities specialized in manufacture, production, assembly or equipping of all types of ballistic and military-guided missiles, or any of their components, spare parts or technology by various methods and means and of various materials.
2651023	Manufacture of military autonomous systems	Includes facilities specialized in manufacture, production, assembly or equipping of all types of unmanned or remotely controlled systems such as military aircrafts (drones), machinery, boats, ships, submarines and other means of transportation, which are equipped with systems for remote sensing, including the manufacture of mechanical parts and electronic chips or any of their components, spare parts or technology by various methods and means and of various materials.
2920903	Plating machinery & vehicles	Includes facilities specialized in armoring, shielding, reinforcing or painting of military vehicles and machinery with military paint or reinforcement of civilian or military machinery and vehicles or any of their components or spare parts, or laminated glass or its technology, which are intended to be used for protection purposes or for humanitarian purposes
3315010	Repair & maintenance of Military Weapons	Includes facilities specialized in the maintenance and repair of military weapons of all kinds, light, medium and heavy weapons or any of their components, spare parts or technologies by various methods and means and of various materials. It also includes maintenance and repair of observation, surveillance and targeting devices and other equipment and devices integrated in the weapon system
2630011	Manufacture of Sensors and Military Communications System	Includes electronic systems and equipment designed specifically for the purpose of military communication and control, or equipment designed to prevent such control, including military sensors and monitoring and tracking and positioning systems and their accessories

3315011	Repair and maintenance of military ships	Includes the process of repairing ships and boats of all military types, providing refurbishing or comprehensive maintenance, such as re-installation or replacement of engines or replacing their parts with new parts, re-painting and other maintenance activities. The activity does not include the sale of spare parts for such military ships.
3315012383	Repair and maintenance of military aircraft	Includes Facilities carrying on maintenance and repair of military aircraft. This activity also includes conducting aircraft renovation and other maintenance operations. The activity also includes specialized facilities whose main activity includes repair and maintenance of aircrafts to become fit for use again. The activity does not include the sale of spare parts for such military aircrafts
3830107	Disposal of military ammunitions, mines and equipment.	It is the facility operating in the disposal or destruction of weapons, ammunitions, military equipment or any of their parts or components or spare parts, technology or documents.
4659969	Sale of Military Ammunition, Explosives & Pyrotechnic products	Includes facilities specialized in trading or importing of all types of ammunition and equipment specifically designed for military use such as machine guns and cannons, as well as individual firearms intended for personal use, such as pistols, rifles, ammunition and projectiles. It also includes smoke, sound, and lighting packages of a military nature. This activity does not include hunting weapons.
4659960	Sale of Military Equipment	Includes facilities specialized in trading, whether from local markets or by importing from abroad, of all types of military equipment, both fixed and carried on cars. The activity does not include trading of cars used in the military fields
4659959	Sale of Military weapons	Includes facilities specialized in trading through supply of military weapons and their spare parts, as well as monitoring, control, targeting and identification devices and other devices and equipment which are complementary to the weapon system, whether through domestic supply or import from abroad.

4773968	Sale of Military Vehicles & Equipment Spare Parts	Includes facilities specialized in trading of spare parts and supplies of equipment and machinery used by the Ministry of Defense and the Armed Forces in their various operations and the relevant equipment including tanks, armored and tactical vehicles, personnel carriers, mine-resistant armored vehicles, mine detectors and others.
4669117	Sale of Military Scrap	Includes facilities specialized in trading, selling, collection, processing and exporting of all types of military scrap free of explosive materials resulting from repair and maintenance operations of military equipment. This activity does not include importing military scrap of all forms and types.
4690011	Sale of tools and military supplies	Includes commercial facilities specialized in trading in local markets, whether through import or from the local product, including the sale of military tools and supplies which constitutes sale of riot control tools such as shields and sticks, bulletproof vests as well as sleeping bags, military tents, military badges and other light tools such as personnel carriers equipped to carry water, food and light-caliber ammunition in military fields. This branch does not include trade of spare parts for military equipment or trade of military clothing.
4641210	Sale of Military Clothes	Includes commercial facilities specialized in trading of military clothing for the armed forces, such as: military clothing, shoes, hats, backpacks, belts, badges, medals, and others. This activity does not include weapons, ammunition, equipment and combat equipment.
8549054	Military reality - based training	Includes facilities specialized in providing training courses to government military and security agencies (officers - individuals - and employees of the Ministry of Defense and the Armed Forces). It includes provision of specialized military training courses based on reality such that the training simulates the reality of the operations faced by the trainees in performance of the tasks assigned to them, using the latest training systems and equipment.
7020007	Military Consultancy	Includes providing consultancy and administrative studies to military institutions concerned with administrative military operations and studies related to military supplies and equipment, as well as classification and description of military missions, and development of studies related to the development and maintenance of the same, in addition to other relevant specialized studies

7210109	Developing Defense and surveillance System.	Includes specialized facilities which develop defence systems and surveillance systems for military fields, military bases and air fighters, through the necessary development, maintenance and upgrading of such systems, and provision of specialized experts for the same, and which establish the links among such systems
7210108	Development of safety and protection systems for aircraft	Includes specialized facilities who develop safety and protection systems for military aircrafts and air fighters by implementing the necessary developments, maintenance and upgrades of such systems and providing specialized experts for the same, and which establish the links among such systems
7210104	Development of control system, command, and control.	Includes facilities, centers or institutes specialized in preparing studies and experimental and development research in the field of control systems, special command and control and that used in training.
7210106	Technological Development of delicate Internal Systems of Aircrafts	Includes the process of technological development of electronic systems which control the operations of the internal and external systems of aircrafts and linking several orders to be carried out within a period of time, which allows the opportunity to complete work orders within a short period of time and as quickly as possible
7210105	Development of system of missile technology and weapons	Includes research and development of weapons and missiles constituting offensive and defensive missile bases and related weapons
8549069	Military aviation training	Includes Facilities specialized in education and training in military aviation. It includes the activities of schools specialized in theoretical and practical training and simulation of flying for fixed-wing aircrafts and military helicopters of all types, including unmanned aircraft (drones).

7010014	Representation of Defense & Security Companies	Representing one or more military companies with the aim of mediating, negotiating or brokerage to promote their military products or services, or marketing their business, or facilitating the processes of concluding contracts for import and export
2822008	Manufacture of machines and equipment for military factories	Includes facilities manufacturing all machinery and equipment used in the manufacture, production or testing of equipment for military equipment.
2920904	Manufacture of armoring products for machinery and vehicles	The activity includes manufacture of products used in the reinforcement of civil and military vehicles and mechanisms for the various materials of which they are manufactured, such as steel, glass fibers, carbon fibers and similar materials used in the processes of reinforcement of vehicles for protection purposes
7210133	Research and Development in Military Technology	Includes establishment of research centers, innovation and development of military technologies for use of the armed forces and weapon engineering including design, development, testing and maintenance of weapons and military systems. It also includes research, design, development and manufacture of prototypes, improvement of performance of the systems and their integration with other systems and testing
