Dear Laurence,

Notice for vendors registration and intending partners for 2024/2025 projects as we continue the development of Abu Dhabi National Oil Company (ADNOC) located at Abu Dhabi National Oil Company Tower, West Corniche Road, P.O. Box: 898 United Arab Emirates.

All Intending Vendors must carefully study the Vendor Assessment Policy Letter and confirm interest by signing the EOI Acceptance Form. Please be informed that vendor registration for contractor/vendor/supplier for 2024/2025 project will be closing in less than two weeks beginning from today.

The purpose of this, is to enable prospective Contractors/Vendors and exiting vendors, who are interested in receiving the Invitation to Tender (ITT) or Request for Quotation (RFO), to provide us with sufficient

Dear Sir/Madam,

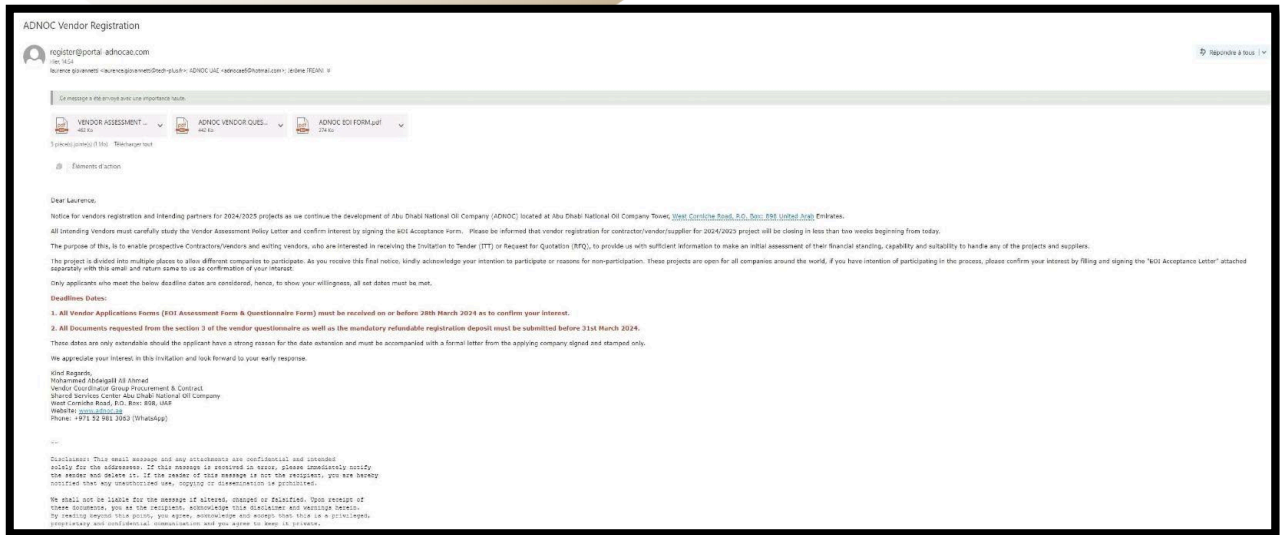

Greetings of the day

We are inviting your esteemed company for vendor registration and partnership for 2024/2025 projects with Abu Dhabi National Oil Company (ADNOC) U.A.E.

Should you find this to be of interest to participate in the process, please confirm your interest by sending an EMAIL to ADNOC UAE Registration Portal (register@portal-adnocae.com) asking for Vendor Questionnaire and EOI Forms.

Your earliest response will be appreciated.

Kind Regards - Mohammed Abdelgalil Ali Ahmed
Vendor Registration Unit
Abu Dhabi - United Arab Emirates

RECOMMENDATIONS:

- Do not click on any links within the suspicious emails.
- Do not open any attachments.
- Do not enter any personal information if prompted by the email.
- Report suspicious messages: Forward suspicious messages to the relevant authorities.
- User Awareness Training: Educate employees on phishing, social engineering, and secure password practices.
- Security Software: Keep antivirus and endpoint detection and response (EDR) solutions up-to-date.
- Regularly update all software, including operating systems and applications, to patch vulnerabilities.
- Regular Backups: Implement a robust backup routine with backups stored offline and regularly tested for recoverability.
- Endpoint Security: Utilize endpoint detection and response (EDR) solutions to monitor systems for suspicious activity.
- Multi-Factor Authentication (MFA): Enforce MFA on all critical systems and accounts.

Kindly circulate this information to your subsidiaries and partners as well as share with us any relevant information and findings (e.g. IOCs, TTPs...etc).

The UAE Cyber Security Council extends its appreciation for the continued collaboration.
