In the context of preventive and precautionary steps to ensure the safety of trainees and employees, and in line with the efforts and measures taken at the national level, aimed at limiting the spread of the Corona virus (Covid-19), it has been decided that:

1. All ADGM Registered training establishments, centers, institutes, and educational services offices are mandated to cease any courses, lectures, or events that require the presence of any trainees in the establishment premises or training facilities affiliated with or leased by the establishment for a period of four weeks from March 9 until April 4, 2020.
2. It is allowed, however, to hold courses, lectures or events through distance learning methods during the period referred to in paragraph 1.
3. All trainees and employees must follow the instructions of the competent authorities to avoid travel due to the current situation of the new Corona virus and its spread in several countries. The establishment must inform its trainees and employees of this.
4. All trainees and employees are required, if they return from travel abroad, to perform the necessary medical examinations and remain in house quarantine for a period of 14 days until the traveler is cleared from infection with the virus. In case of confirmation of infection with the virus, quarantine procedures will be applied in medical facilities in order to ensure the safety of the traveler and avoid contact with others. The establishment must not allow those arriving from travel abroad to enter any of its premises and facilities before clearing such procedures.
